# About the Canadian Taxpayers Federation

The Canadian Taxpayers Federation is a federally incorporated, not-for-profit citizens' group dedicated to lower taxes, less waste and accountable government.

The CTF was founded in Saskatchewan in 1990 when the Association of Saskatchewan Taxpayers and the Resolution One Association of Alberta joined forces to create a national organization. At the end of 2019, the CTF had 235,000 supporters nationwide.

The CTF maintains a federal office in Ottawa and regional offices in British Columbia, Alberta, Prairie (Saskatchewan and Manitoba), Ontario, Québec and Atlantic Canada. Regional offices conduct research and advocacy activities specific to their provinces in addition to acting as regional organizers of Canada-wide initiatives.

CTF offices field hundreds of media interviews each month, hold press conferences and issue regular news releases, commentaries, online postings and publications to advocate on behalf of CTF supporters. CTF representatives speak at functions, make presentations to government, meet with politicians and organize petition drives, events and campaigns to mobilize citizens to effect public policy change. Each week CTF offices send out Let's Talk Taxes commentaries to more than 800 media outlets and personalities across Canada.

Any Canadian taxpayer committed to the CTF's mission is welcome to join at no cost and receive emailed Action Updates. Financial supporters can additionally receive the CTF's flagship publication *The Taxpayer* magazine, published three times a year.

The CTF is independent of any institutional or partisan affiliations. All CTF staff, board members and representatives are prohibited from donating to or holding a membership in any political party. In 2018-19 the CTF raised \$5.1 million on the strength of 30,517 donations. Donations to the CTF are not tax deductible as a charitable contribution.

# Introduction

With property tax bills being mailed to taxpayers, the Canadian Taxpayers Federation analyzed which Alberta municipal governments are spending the most and least per person, based on data published by the Alberta government. Taxpayers can use this report to see how much their municipal governments are spending per resident, which is proxy for the overall tax burden to fund the municipal government, and compare their municipal governments with similar cities and towns in Alberta.

Alberta taxpayers should also be aware that Alberta municipal governments tend to spend more than their counterparts in other provinces. As the Blue Ribbon Panel explained:

"Alberta's municipal per capita expenses were the second highest among provinces (behind Ontario where municipalities also deliver a range of social services). Per capita capital spending in Calgary and Edmonton is among the highest for comparable cities across Canada."

# Big cities (population: 30,000+)

The three cities that are spending the **most** per person are:

- 1. Medicine Hat = \$6,243 annually
- 2. Regional Municipality of Wood Buffalo = \$5,246 annually
- 3. Lethbridge = \$3,965 annually

The three cities that are spending the **least** per person are:

- 1. Airdrie = \$2,172 annually
- 2. Lloydminster = \$2,422 annually
- 3. Rocky View County = \$2,556 annually

\*\*\* The appendix compares Calgary and Edmonton with other major Western Canadian cities. Calgary and Edmonton spend more per person than other major Western Canadian cities.

# Appendix: Major Western Canadian Cities

Calgary and Edmonton's per person spending are higher than other major Western Canadian cities. If Calgary brought its per person spending to the average in the other cities, it would spend about \$656 million less every year. If Edmonton brought its per-person spending to the average in other cities, it would spend about \$566 million less every year.

# TOWN OF LAMONT COUNCIL AGENDA REQUEST FOR DECISION

|  | AGENDA ITEM: | 5.1. |
|--|--------------|------|
| COUNCIL MEETING DATE:<br>June 23, 2020 |              |      |

# ITEM DESCRIPTION OR TITLE

Introduction to Proposed Land Use Bylaw Updates

# RECOMMENDATION

That Council accept this report as information and direct Administration to proceed with preparation of a Land Use Bylaw Amendment for presentation to Council at a later date.

# **BACKGROUND**

Since approval of Land Use Bylaw 06/17 there have been a few minor amendments to the Land Use Bylaw. In 2018 changes to the *Municipal Government Act* resulted in changes to development application timelines, approval notification timelines, and timelines to file appeal with the Subdivisions and Development Appeal Board (SDAB). These changes require an amendment to the Land Use Bylaw. Since an amendment for these items are required to be undertaken, a review was conducted of the Land Use Bylaw to determine what additional updates for Council's consideration to the Land Use Bylaw. Attached as is a summary list of suggested amendments (Attachment 1). Most of the updates identified are for clarification purposes.

In addition to the amendments identified, we would like to explore amendments to both the residential and downtown commercial districts to allow for increased residential density, such as allowing for backyard suites in the rear yard of single family lots; and allowing mixed use developments in the C1 and C2 district , i.e. a combination of residential dwellings above or behind commercial businesses.

Attachment 2. Pictures of Backyard Suites is attached and provides a visual representation of backyard suites. The purpose behind allowing backyard suites is to provide different types of housing options within the existing community which may encourage people to stay in the community or to locate to the community.

Attachment 3. Pictures of Mixed-Use Development is attached and provides a visual representation of mixed-use developments in small towns. The purpose behind considering this option is to provide apartment style housing opportunities in the community, located above or behind commercial businesses. This may encourage opportunities for redevelopment, pedestrian friendly businesses, etc.

# TOWN OF LAMONT COUNCIL AGENDA REQUEST FOR DECISION

Including these uses within the Land Use Bylaw does not guarantee that these types of developments will occur, but they do provide additional flexibility to encourage economic development in the community. Ideas such as this were explored at a high level during the Strategic Planning process in 2019.
