

ALERT SYSTEM

The Town of Lamont is part of the Lamont County Regional Alert System.

Get alerted about emergencies and other important community news by signing up for the Emergency Alert Program. This system enables us to provide you with critical information quickly in a variety of situations, such as unexpected road closures, missing persons and evacuations of buildings or neighborhoods.

You will receive time-sensitive messages wherever you specify, such as your home, mobile or business phones, email address, text messages and more. You pick where, you pick how.

To sign up for the Alert system go to:

Username and password must meet specific criteria for length and acceptable characters; this is described under those fields. If you are a current subscriber to the alert system, you will have to create a different username than the one you are using now.

Provide contact information and order by preference. More than one option will increase your chances of receiving messages that may affect you.
